

RACHAEL N. PINE, J.D.

PROFESSIONAL EXPERIENCE

Fund for Public Health in New York, Inc. (4/04-present)

New York, New York

Executive Director

The Fund for Public Health in New York, Inc. ([FPHNY](#)) is a non-profit organization operating since the fall of 2003. FPHNY is dedicated to advancing public health in NYC. It works independently and in partnership with the NYC Department of Health and Mental Hygiene (DOHMH), leveraging and enhancing public sector capacity with private sector resources. FPHNY is a home for innovative and high impact programs, catalyzing the scale-up of those new approaches with proven return on investment. Programs include: hospital emergency preparedness, health disparities, promotion of physical activity in children, early child health in families at risk, disease prevention and screening in primary care e.g. re colon cancer, diabetes, depression, sexually transmitted disease in adolescents.

Responsible for all leadership functions including overall organizational direction, management, and resource development: oversee business development and partnership with NYC Department of Health; grant/project development, fundraising, and marketing; Board development and support; administrative, fiscal and contract management functions. Major accomplishments: As first Executive Director, led development of start-up organization from 2 staff, one principal program and funding source, and reliance on a fiscal sponsor for back-office functions into an independently operating organization. FPHNY now has 14 central office staff, 12 program staff, nearly 40 grant-funded projects with more than 18 funders, and a fiscal/contract management system tracking expenses and reporting on spending across nearly 200 subcontracts in multiple grant years. Today, FPHNY is part of the non-profit public health landscape in NYC.

EngenderHealth (1996-2004)

New York, New York

Vice President for Public Affairs (7/01 to 4/04)

Senior Director, Public Affairs (10/96 - 7/01)

Responsibility for development of strategy and oversight of external affairs functions including policy, government relations, communications, publishing and marketing as well as participation in agency-wide Executive Team with responsibility for corporate management. Included writing, speaking, external representation and leadership; interface with Board; provision of legal/regulatory guidance re program management and corporate governance. EngenderHealth is an international non-profit with over 300 employees working in 40+ countries to strengthen family planning, HIV/AIDS, and maternal health services. Major accomplishments: Led and facilitated articulation of new agency vision and mission; directed two-year effort to clarify strategic positioning and adopt and launch new corporate identity. Oversaw development, launch and dissemination of new name and branding effort to all categories of stakeholders, managing communications, legal and administrative aspects; development of new promotional material (print, web and video). Successfully positioned EngenderHealth for the receipt of prestigious United Nations award.
